Total accounts receivable: **\$9,800k** (ties to balance-sheet A/R). 61–90 day balances total \$900k (9.2% of A/R) and 90+ totals \$300k (3.1%). Per the lender's request, individual **customer identities have been withheld** and remain outstanding.

Notes

(1) The two largest balances (customers withheld) are Tier-1 automotive customers granted extended 75-day payment terms at year-end; these accounts drive the majority of the 61–90 day bucket. (2) One \$100k invoice in the 90+ bucket is under a quality dispute and is not yet reserved. (3) Balances are stated before the \$400k allowance for doubtful accounts recorded at the entity level. (4) Customer identities are withheld pending the Borrower's consent and remain outstanding per the lender's information request dated April 2, 2025.
